From the Director's Desk

“The highest education is that which does not merely give us information but makes our life in harmony with existence “.

It gives me immense pleasure to be the Director of such an institution that excels in all domains of education ie. Curricular, co- curricular and extra curricular activities. Together we embark on a journey where we want each child who studies and passes out from Rainbow World School, Bhawarna to be a successful and responsible citizen of the country. The faculty of the school is leaving no stone unturned in ensuring a very bright future for our children. We are still affected by this unprecedented situation in the wake of COVID-19, which has impacted the education across the globe this year. However, it is indeed heartening to know that Rainbow World School, Bhawarna has been one of the pioneers in reopening the school for offline classes for the standards I to XII, under strict COVID-19 protocols. My compliments to the Principal, Manager , staff and students of the school for their dedication, Devotion and perseverance in ensuring that the school scales greater heights of glory in times to come. I extend my best wishes to the staff and students for all their future endeavours.

From the Chairman's Desk

We are now at a point where we must educate our children in what no one knew yesterday and prepare our school for what no one knows yet.

The session 20-21 has been unlike any other session. COVID-19 brought with it unexpected and unprecedented challenges. It upended all our best laid plans but the same circumstances also brought out remarkable acts of creativity, compassion and kindness. While no one was prepared for the pandemic, however, it is commendable how quickly and efficiently the global education sector and our school in particular adapted to the new normal flexibility, uncertainty and adaptability became the mainstay of the new normal. Once we got the grip of the circumstances, so to say we used the opportunity to provide a platform for our students to participate in not just local or state events but also in national events where they not only

learnt new things but also excelled and brought laurels. We at RWS ,are committed to the improvement and growth of studentscommunity. We would like to see them soar the new heights and taste success in all their endeavours .We are convinced that education's purpose is to replace an empty mind with an open one. We seek to instill a passion for learning in our students that will equip them to make a positive contribution to the communities in which they live and work beyond school. I sincerely hope that the forthcoming session 22-23 brings a return to normalcy but also retains the spirit of kindness and creativity we witnessed in the past session.

From the Principal's Desk

Dear students, schooling is our first contact with the world, a period of joy, healthy competition, fearing, adjustment, sharing and love. It is not the wide open spaces, classrooms, the library, laboratories or the large fields that make the school. It is in the heart of the students and staff that the true institution exists.

Learning is not a process limited to schools and colleges only, nor does it end with the conclusion of one's school career. It involves a life long process. This school is oriented to the total formation of a child and to adaptations of various methods suiting the dynamics of changing world in order to achieve common goals and objectives. It is further characterized by shred vision- responsibility and above all , love and faith in God in order to achieve these goals.

It is my message to you all that the people of fine character , live by their values. They are honest and committed to truthfulness in thought, word and deed. True character thus encompasses the capacity for self – discipline. Character creates self respect, which in turn leads to high self esteem. Maturity is reflected in all aspects of character- the decisions we make , the friends we choose and the responsibilities we accept. Always remember to uphold the dignity of people. Be always ready to give preference to other. What you are is God's gift to you. What you become is your gift to God. Have something to live for. Bring out the best in you.

“ With Warm Wishes and God's blessings”.

Train the trainer and Building a Virtual Learning Environment.

Learn, Unlearn and Relearn is the pre-eminent pathway to be an efficacious educator. At, RWS , we recognize the importance of well structured teacher development programs which are in tandem with the teaching Learning requirements of the school. Our continuous teacher training programs centre on subject specific training and generic training that leads to the holistic development of all those concerned. They learn about wide-ranging areas like, innovative pedagogy, interactive assessment techniques, use of differentiation in the classroom to enliven the teaching Learning process. The pandemic situation called for online in-service training sessions, conducted to help our educators to cater seamlessly to our 21st century learners . Online in-service training sessions were conducted by using platforms like MS Teams.

6 MEGA EVENTS

BUOYED WITH PRIDE

Virtual Independence Day Celebration

**“All we have of freedom, All we use or know
This our Father’s bought for us , long and long ago”**

On 15 Aug,2021,The school celebrated virtual independence day, beginning with a prayer song. Children Spoke about India's development journey in the fields of technology and other sectors. Students showcased their hidden talent through solo singing, drawings , paintings and dance performances.

Video and PPT presentations were presented on the love and responsibility for the country. Patriotic songs were played as a tribute to real heroes of the country, battling at the borders.

Virtual Science Fair

"The Power Within. Conquer your fears-Scientific solutions for challenges. "

Since the Covid-19 pandemic disrupted the normal life style of people across the globe, the virtual world had come to the rescue. Year 2021, The School's annual science fair was held virtually, as a long celebration of innovation and technology in the first week of September. The science fair journey provided a platform for scientific explorations and Innovations for the future scientists. The fair included themes such as Mathematical Modeling, Health and Hygiene, Community service, Innovation and technology, science in everyday life and so on. Students had made still models, working models, PPT videos and posters to present their innovative ideas.

The Students Articulate

Life and Quarantine

March 22, the life changing day is still fresh in my memory
No crowds on road,
No students in school,
No children in playground,
No men working in office,
Looks like no trace of life outside.
All because of Corona Monster,
Sitting inside homes,
Embracing new technologies-Teams, Zoom, Google Meet,
Far from each other yet making us a bit closer,
Giving our nature a chance to smile again.
Let's pray the door will open again,
Kicking out this monster from our lives,
So that we will be smiling together again.

Anushka Rana(XI)

SO IT GOES

**Lockdown was a scary time
So I thought, I should write a rhyme.
Spending time with my family,
fills me with enormous glee.**

**Missing my weekends and playing out,
it really makes me want to shout.
Nannies and Grannies cannot see me ,
But social distancing is the key.**

**One Day when this will come to an end
Hopefully I will meet my friends.
We will look back and give a thought,
To the lessons we learnt and the ones we were taught.**

KOMAL(XII)

NEVER GIVE UP!

**Never give up, never give in,
There's always reason for everything.
There is an answer to every question,
What scares you to kill your emotions?
 Don't care for the society,
 Because your only priority is you.
 Just think about your dear ones,
 As they always stand by you.**

**Never give up, never give in,
There's always a reason for what is happening.
Problems come in everyone's life,
We need to face the challenge, we need to fight.
 Life is test and a trial,
 Keep trying, keep practicing, with a smile.
 One Day your time will come,
 Just wait for the turn of the tide.**

**Once you lose hope, you lose yourself,
But believe in it and life will solve itself.
Just say, 'I can do it, I will do and keep your chin up,
"We all can do, we will do" and never give up.**

SAMRITI KATOCH (XII)

REFLECTIONS ON SCHOOL ACHIEVEMENTS

Rainbowites proved their mettle by bagging positions in '29th District Level Children Science Congress'.

Rainbowites out shine in ' Children Science Congress' by exhibiting commendable

Winners of Children Science Congress

Overview of School Activities

Celebration of Republic Day:

The Republic Day was celebrated virtually. The Principal unfurled the national flag followed by an online programme which was streamed on the school Facebook site.

Celebration of World Environment Day Online

“ From little seeds, grow mighty trees”.

RWS observed World Environment Day on 5 June ,2021 and joined the global initiative to raise awareness about various issues impacting our world today to motivate everyone to do his part in preserving nature. Poster Making and story telling activity were conducted by students to sensitize people about making judicious use of natural resources available and stop exploitation of resources.

Virtual Mother's Day Celebration

School celebrated Mother's Day through digital platform and variety of activities including painting, song and poem recitation were conducted to instill the value of Mother's love among students. Mother's Day cards, messages and photographs all adorned the venue and the heart-warming feelings filled the air with intimacy, gratitude, appreciation and respect for Mother's.

International Yoga Day Celebration :

International Yoga Day was celebrated on a virtual platform. Students from Class 1 - Class XII performed different asanas under the guidance of PETS. Students from various classes shared their photos and videos.

Virtual Raksha Bandhan Celebration

RakshaBandhan , a much awaited Indian traditional festival of sisterly and brotherly respect was celebrated by the school students. On the occasion of Raksha Bandhan the students of school conducted several activities through virtual platforms to make students understand and the true essence of this festival and the sacred bond between

brother and sister. The vibrant, colourful attires and innocent smiles of the students brightened the ambience and lifted the spirit.

Virtual Teacher's Day celebration

“ It is the Supreme art of the teacher to awaken joy in creative expression and knowledge.

Students celebrated Teacher's Day on digital platform with great enthusiasm. Students

prepared an exciting array of performances, including speech, dance and song to extend gratitude for the undeterred effort of their teachers. Even the teachers enthralled everyone with their vivacious performances.

Online Celebration of Hindi Divas

“ If you talk to someone in a language he or she understands that goes to the person's head. If you talk to someone in his or her own language it goes to the heart. “

'Matri Bhasha Diwas' is a glorious occasion to recognise the greatness of our mother tongue and the day was celebrated with immense veneration by the school students. . Exhibiting India's remarkable diversity of languages, the students delivered speech to emphasize how

our mother tongue is the common thread binding everyone together, preserving heritage and promoting national integrity and solidarity.

Virtual Dusshera Celebration:

School students celebrated virtual Dussehra with a lot of fervor and ardor. A melodious Ram Stuti was sung by the students. The tiny tots from the junior section were attired in the

costumes of Ram, Lakshmana, Sita Mata .The primary objective of the entire show was to convince the students that no matter how intelligent a person is, his pride will be the reason of his collapse. They were guided to imbibe good qualities among them.

Virtual Diwali Celebration

Diwali, the festival of lights , was celebrated enthusiastically on Nov 4, 2021. The story of Diwali was narrated to the students through a video. Lanterns and paper lamps were made in class using their creativity. Diwali was celebrated to actively promote all the aspects related to the festival in the learners and educators in an interesting way.

Virtual Children's Day Celebration

Children's day was celebrated with great vigour and joy on 14 ,Nov ,2021online. The children looked dapper in their superhero costumes and colorful attire. The kindergarten began with a prayer service. It was a day well spent

School reverberated with Christmas Celebration :

Christmas , the festival of joy, a time for remembering the past and hoping for future, inspires the spirit of benevolence and fills our hearts with love and gratitude, celebrates the birth of Jesus Christ and marks new beginnings. The festive spirit was apparent in the students and staff of RWS, as the festival of Christmas was celebrated with great fervor. The school vibrated with the echoes of Christmas carols and the beautifully

decorated Christmas corner added to joy and cheer. The students also shared their videos on Christmas Celebration through online platform, delivering the message of spreading goodness all around.

Virtual Lohri Celebration:

India is known as a land of festivals and celebrations, Lohri is one them which is unique in its perception and significance “.

Festivals are the period of celebrations and bring peace and joy for everyone. The festival prompts to be thankful for God's provisions and to celebrate his creations. Lohri is popular mid winter punjabi folk festival. To make this event memorable one, school students celebrated Lohri on 14 Jan,2022.The day commemorated with immense joy, enthusiasm and magnificence. The children danced to the foot tapping punjabi music to the fullest . The teacher explained the teacher about Lohri festival and enriched their knowledge. All the children enthusiastically participated in the Lohri celebration.

KINDER GARTEN ACTIVITES

Virtual Flower Day Celebration

“Flowers always make people better happier and more helpful, they are sunshine, food and medicine for the soul”.

At the beginning of chilly pain, fog days and laziness are very much obvious. To break the monotony, kindergarten students made the environment colorful with the celebration of flowers Day. Our exuberant children made colorful flowers. The teachers told them stories and poems related to flowers. They talked about different types of flowers, its importance and use.

Virtual Earth Day celebration:

Amid the Corona virus global pandemic, Kinder Garten students celebrated Earth Day. As a part of it, students painted their thoughts, recited the poems and made videos about caring for our mother

“Earth”. In this tumultuous time, nature has taught us the lesson to save our planet. Students are spending their time as an opportunity to spark a passion with reduce, reuse, recycle ideas at home.

Academic Achievements

Virtual English Olympiad

The purpose of English Olympiad is to encourage and improve English Learning process and Focuses on English Spelling and Grammar. It was held for classes I to X.
